CAREER OBJECTIVE

Final-year MCA student and MERN Stack Developer with hands-on internship experience at Intelligic Software Pvt. Ltd., building scalable enterprise web applications. Proficient in React.js, Node.js, Express.js, MySQL, and MongoDB. Holds Microsoft AI Fundamentals certification and a MERN Stack certification from Apna College. Adept at working in agile environments, solving complex engineering challenges, and rapidly adapting to new technologies. Seeking a full-time full-stack developer role to contribute to impactful, production-grade software.

PROFESSIONAL EXPERIENCE

Intelligic Software Pvt. Ltd., Pune

Intern Software Developer

Sep 2025 – Present

Pune, Maharashtra

- **Selected** for a competitive 6-month internship focused on building and scaling enterprise software solutions.
- Developing and maintaining **production-ready web applications** using React.js and Node.js, following MVC architecture and REST principles.
- Collaborating with cross-functional teams in an **Agile/Scrum environment**, participating in sprint planning, daily stand-ups, and code reviews.
- Ensured **100% compliance** with industry-standard security, data confidentiality, and software quality protocols across all deliverables.
- Contributed to **RESTful API design and integration**, improving application response efficiency and data consistency across modules.

PROJECTS

Multi-Tenant QC Management System

React.js · Node.js · Express.js · MySQL

- Engineered a comprehensive **Quality Control dashboard** enabling real-time tracking of manufacturing parts and worker-level productivity statistics.
- Designed and implemented **multi-tenant architecture** allowing secure, fully isolated data environments for multiple organizational clients.
- Developed **dynamic data visualization components** (bar charts, line graphs, pie charts) for owner-level monitoring of QC inspection success rates.
- Integrated **role-based access control (RBAC)** to restrict dashboard views and actions by user type: admin, supervisor, and floor worker.

Online Electronic Shop

Java · Servlets · JSP · MySQL

- Built a complete **e-commerce + inventory management system** with customer registration, product listing, cart management, and billing automation.
- Implemented **search and filter algorithms** for fast, accurate electronic product categorization and retrieval across multiple categories.
- Developed **automated sales record reports** with date-wise filtering, enabling store owners to track revenue and stock movement in real time.

EDUCATION

Savitribai Phule Pune University

Master of Computer Applications (MCA) — Currently Pursuing

2024 – 2026

Pune, Maharashtra

Relevant Coursework: Advanced DBMS, Software Engineering, Cloud Computing, Data Structures & Algorithms, Web Technologies

Shivaji University, Kolhapur
Bachelor of Computer Science (BCS) | Score: 76.07%

Graduated April 2024
Kolhapur, Maharashtra

Jaysingpur College, Jaysingpur
Higher Secondary Certificate (HSC) | Score: 71.00%

Completed 2021
Jaysingpur, Maharashtra

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap

Backend: Node.js, Express.js, Core Java, Advanced Java, ASP.NET

Databases: MySQL (Relational), MongoDB (NoSQL)

Tools & Tech: RESTful APIs, Git/GitHub, JSP, Servlets, Postman

Strengths: Leadership, Problem Solving, Quick Adaptability, Team Collaboration

Languages: English, Hindi, Marathi

CERTIFICATIONS & ACHIEVEMENTS

- **Microsoft Certified: AI Fundamentals (AI-900)** — Core AI Concepts, Machine Learning models, Responsible AI practices and Azure AI services.
- **MERN Stack Development** — Full-stack certification via Apna College; covered React.js, Node.js, Express.js, MongoDB, REST APIs and deployment.
